

## ut Season Opens Saturday

Estimated 235,000 trout are checking equipment regulations as the April 26 day of Michigan's 1958 fishing season nears.

In addition to the \$2 resident fishing license, Michigan trout anglers also must purchase a \$2 trout stamp. Other regulations are listed in the "1958 Guide to Michigan Fish Laws," available from license dealers or Conservation Department offices.

When does cancer strike? No one knows the answer to that question. But this is certain: a health checkup now — and annually hereafter — could help your doctor save your life if cancer does strike. That's why the American Cancer Society urges an annual checkup for all adults.

## Turnabout a la Tony

Have you met Tony yet? He's up like an American should," he said.  
Tony's a good worker and has that farm running pretty slick. Funny though — on days off — Tony hangs around the barbershop listening to the political discussions. But he never says a word.  
Last Thursday, though, Tony was there and was speaking his mind. When I asked him about the sudden change, he smiled and showed a brand-new set of citizenship papers. "Now I talk

## SENIOR BAND PRESENTS VARIETY CONCERT, APRIL 15th

The Senior Band of Grayling High School presented a variety concert Tuesday evening, April 15th, to a large audience, under the directorship of LeRoy H. Christian.

The trumpet trio, accordion solos, tap dancing duet, dance band, twirling exhibition, all added variety to the program. Enough money was made, according to Mr. Christian, to purchase cymbals for the band. Following is the program presented, and the Senior Band personnel:

"National Emblem March," by Bagley.  
"American Patrol," by Meacham.  
"Fantasy for Three" Cornet Trio, by Walters, Karen Macauley, Carol Fenton, Bill File.  
"Sparkling," by Mendel.  
"Tantalizing," by Maganite, accordion solos by Jacqueline Norenberg.  
"Belle of the Ball," by Hummel.  
"Tap Dance Duet," Linda Smock and Patti McNeil.  
"Agnes Dei," by Bizez.  
Number by the Dance Band. Karen Macauley, cornet, Karen Hanson, piano, Pat Cox, baritone & alto sax, Jon Bond, alto & tenor sax, Brian Ashton, drums, Jacqueline Norenberg, accordion.  
"Band Jive," by Busch.  
"When Day Is Done," by Katcher.  
"Washington Post March," by Sousa, twirling exhibition by Majorettes.  
Serenade from the "Student Prince," by Romborg.  
"Tuscarawas March," by King.  
"Star Spangled Banner," by Smith, Color Guard and Majorettes.

## Letters To The Editor

Dear Editor:  
Just a short time ago, one of Grayling's fine young men was forced to undergo an operation for the removal of his leg. He is Tommy Edwards, a graduating senior this year.  
I have worked with Tom's father, Harold "Slips" Edwards on the railroad and know the family well. I know that Tom is a fine young man and worthy of all of the aid that people will give him in this time of trouble.  
The Kiwanis Club of Grayling have designated Wesley LaCroix and Lawrence Hunter to receive donations for a fund to aid Tom in further education — getting a start in life. This was all very fine but, a very few people have answered with a donation.  
Although I do not live in Grayling, my work brings me here every week for a few days and I have always thought and heard that this was a town with a heart. So far, in this case, it doesn't appear that way. Please help this boy now when it will mean so much to him.  
My personal thanks to Stan Madsen who gave Tom a \$100 bill and to those few who have given funds to LaGrow and Hunter.  
Dick Clore,  
Engineer, N.Y.C.

Miss Mary Catherine Williams of Flint visited her parents, the Jack Williams, over the weekend, also the Trade Show.  
Wednesday of last week the ladies of Carl's Beauty Shop bowling team treated their husbands and friends to a dinner at Wharf's. Enjoying the party were Mr. and Mrs. Harold Drake, team sponsors, whose 15th wedding anniversary it was also, Mr. and Mrs. Bob Goinick, Mr. and Mrs. Fritz Goinick, Bunnie Goinick and Miss Ella Bunker, Mr. and Mrs. Laurin Wing, and Mr. and Mrs. Carroll Weir.

The Rev. and Mrs. Colin Campbell left for Detroit Monday to attend the funeral services of her uncle, John S. Coleman, at St. Paul's Episcopal Cathedral, on Wednesday evening, April 16th. Burial was in Arlington National Cemetery, Va. Mr. Coleman, who was sixty, succumbed to a heart attack Monday evening, April 14. He was president of Burroughs Adding Machine Company. He joined the company in 1920, working as a bookkeeping-machine salesman. Mrs. Campbell made her home with her uncle for several years before her marriage to Rev. Campbell.

Mr. and Mrs. Arthur Trowbridge of Lake Orion have arrived to spend the summer at their Manistee River cottage.

## Gov. Williams To Get Chance To Use State Reorganizing Powers

Gov. WILLIAMS will be the first Michigan chief executive getting a chance to use reorganization powers sought by government reformers for eight years.

Many people were amazed when Republicans joined Democrats to enact a law enabling the governor to reorganize state government, held in check only by a legislative veto.

The whole system reverses the normal relationship between the legislature and the governor, in which the lawmakers enact and the governor vetoes or approves.

The history of the idea in Michigan began with an ambitious research program — started eight years ago.

Launched by the legislature, the survey dug into every phase of state government and made 31 reports. The executive reorganization plan was the pivot of them all.

Numerous proposals for specific reforms were the twigs on the tree, but the executive reorganization idea was the trunk.

Researchers reasoned that the administrative head of government should be responsible for his own operations and should be the most familiar with the weaknesses and strengths of the agencies.

The executive reorganization plan was offered to the legislature each year and each year it was defeated or left to gather dust in a committee room pigeon hole.

Only a few political scientists believed it would pass this year. It passed the House 68-36 and the Senate 19-11.

Critics of the idea argued that the legislature is the state's law-making body and should propose, debate and iron the kinks out of reorganization ideas before they are put into effect.

Backers of the idea said that the legislature, in session for three months or more each year, could not possibly know the details of a functioning department and whether it should be merged with another.

The bill, as passed by both houses, allows the governor to propose mergers and abandonment of agencies but he cannot propose new agencies.

Safeguards have been written into the law.

The governor may make his proposals within 30 days after the legislature convenes in January. The legislature then will have 90 days in which to act.

If the legislature does not approve or disapprove of the proposals, they will become law 90 days after the session ends.

Either house can veto the proposals, and affirmative votes by both are needed before the proposals can be put into effect.

For years, separate attempts have been made to merge all health agencies under a single administrative office; each operating separately, but their work coordinated by a single head.

It has also been proposed that the dozens of state regulatory and licensing agencies be merged, that a clear distinction be made between some overlapping welfare and health functions.

The whole idea of the survey eight years ago was to centralize control of government as well as responsibility, giving voters a clear-cut view of the record of candidates.

The new law is a personal victory for Senator Frank Andrews (R-Hillman) but the manner of its birth as a law deprived him of credit for its passage.

Andrews inherited chairmanship of the legislative committee on state government reorganization (the "Little Hoover Commission") from former Rep Robert M. Montgomerie in 1952.

Research work had then been accomplished.

took the tougher job of piloting its recommendations through the legislature.

Bull-in opposition to giving Williams more power thwarted him at almost every turn.

Time after time, the proposals were introduced by Andrews, only to be killed off in committee. Occasionally, some reached the floor where the demise was a public affair.

This time, the reorganization bill was first sponsored in the House of Representatives. Andrews, who did the grueling work of promotion, cannot be held as a sponsor.

But, when the people who followed the course of the program see it in action in the future, there will come to mind the tall, strong figure of the man from Hillman.

## The So-Called Recession . . .

That business has slumped lately all over the country cannot be denied by anyone. But the various reasons at one hears for the business drop are sometimes ludicrous and sometimes sad. Likewise with the various theories to offset it.

Most theories that you hear put forth as to the causes of a recession—flattening off—minor depression or whatever other terminology is used, do have a seed of truth in them. However, from where we sit, the reason for this downward trend in business started way back in the Great Depression of the late 20's and 30's was idling.

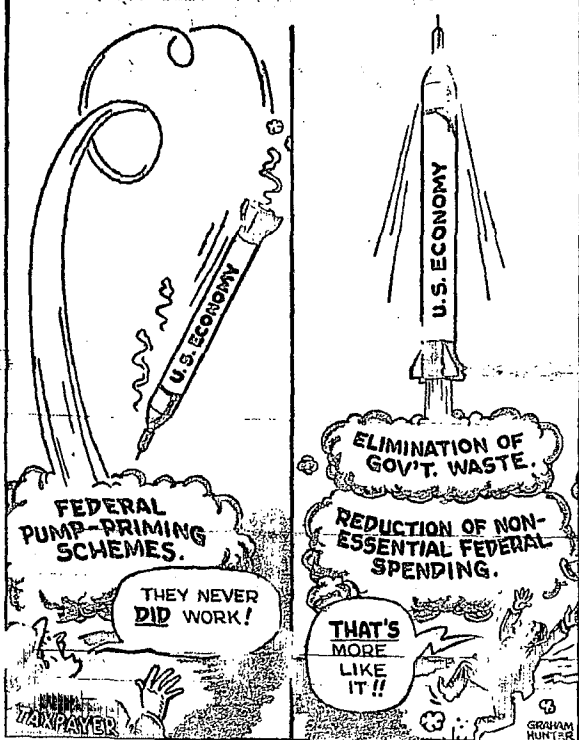

What would happen has been pointed out time and again by business analysts and other experts. You just cannot take away up to 90 percent of a person's earnings and have him, at the same time, over zealous with incentives. An ever enlarging population that must be employed, coupled with a turn of events which does not produce jobs and machines to take up the slack, is the real answer to the problem.

Today there is hardly any "risk capital" in our country. People who have money to invest just aren't doing it, and who can blame them. They must take all of the risk of possibly losing their entire venture . . . but if they are successful financially while providing employment, Uncle Sam is right there to get his big cut.

Staggering cuts in income tax coupled with some slashing of the frills and non-essentials in today's big federal Government (regardless of what party is in power) is the answer to the problem. The waste and inefficiency in the Federal Government today is appalling. . . yes, even criminal . . . and it was accelerated back with Roosevelt, reached its maturity under Truman and today is being allowed to continue under Eisenhower. R.W.S.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE  
FILES OF THE AVALANCHE OF 23 YEARS AGO.

April 25, 1935

In line with the Avalanche's policy of giving its readers the latest and best, readers will find this issue set in a brand new modern type face. The new type face was especially designed for easy reading but it is also beautiful, giving a pleasing effect to the printed page. It is known as 8 point Excelsior No. 1.

Little Larry McNamara and Sally Schram are neighborhood playmates. Tuesday morning they were running around in the Schram yard when Sally, age 2 years, with a woman's curiosity, stopped to explore the rock garden pool, which is quite deep, when in she fell. Larry, with quick perception, ran into the Schram house and told Lucile Larson of the situation. At first Miss Larson was unable to understand but she got the word "water" and flew to the pool and rescued little Sally who was beneath the surface of the water. Little harm was done except that Sally was simply good and wet. Larry, who is 3 years old, is now the neighborhood hero.

Miss Mabel Pankow, daughter of Mr. and Mrs. Benjamin Pankow, became the bride of Mr. Robert J. (Curly) Richardson, son of Mr. Robert Richardson of San Francisco, Calif., in a marriage performed on Easter Sunday at 9:30 o'clock at the home of the bride's parents, Rev. Hans Juhl of the Danish Lutheran Church performed the service. The bride is a Graduate of Grayling High School of the class of '34 and has been employed at the Avalanche office for some time. Mr. Richardson was, until recently, district utility inspector at the 4th and 6th street district at Camp Higgins, Co. 672.

Mr. and Mrs. Otto Nelson and sons spent the weekend at Mio.

Mr. and Mrs. J. E. Fletcher and granddaughter Miss Audrey Hewitt of Lansing came unexpectedly Friday and visited their daughter, Mrs. George Schable and family, returning home Monday.

Joseph and Arthur Schwind and Jack Moore, of Merrill, who are assisting in the erection of the gas station on the Callahan property, are staying at the Callahan home while in Grayling.

Frank Muth returned last week to Johannesburg where he is now working on the Andrew Phillips farm.

On their return from Ann Arbor and Detroit Sunday, Mr. and Mrs. A. J. Trudeau were accompanied home by the latter's mother, Mrs. James Wingard, who was caring for the home of her daughter, Mrs. William Simpson at Romeo, while the latter and her husband were enjoying a sojourn in Florida.

Mrs. Paul Dreher of Detroit spent the weekend visiting her mother, Mrs. Alex LaGrow.

Earl Gierke of Standish is spending the weekend with his parents, Mr. and Mrs. Adam Gierke.

Mr. and Mrs. Larry Galehouse are now occupying the upstairs apartment of the Gilbert Vallad residence.

Mr. and Mrs. Herbert Stephan of down river spent Easter Sunday with the latter's parents, Mr. and Mrs. Carl Larson.

Mr. and Mrs. Wesley LaGrow and the former's sister, Yvonne of Detroit, spent the holiday weekend visiting their parents, Mrs. Alex LaGrow and Mr. and Mrs. Arnold Burrows.

Mrs. Alfred Keppen, Mrs. Thomas Speight and Miss Edith Bidvia of Detroit visited at the home of their parents, Mr. and Mrs. Herman Bidvia, over the weekend.

Mr. and Mrs. Roy Wolcott spent Sunday visiting the latter's brother, Truman Ingram and family of Rose City. They were accompanied by Mr. and Mrs. Alva Stepan and baby.

Bud Hunter of Jackson spent the Easter holiday here, the guest of Miss Eleanor Gorman.

Pipe for the new waterworks system at their home down the river. The evening was spent playing pinocle and hearts, after which ice cream and cake were served.

Mr. and Mrs. Clarence Stillwagon of Lovells returned home on Saturday from Foley, Alabama, where they had spent the winter caring for the Boutell winter club.

The Boutell summer club at Lovells also is cared by the Stillwagons. This makes a splendid arrangement for both parties. Of course they had the Avalanche each week while in the south.

Mr. and Mrs. Theodore Stephan accompanied the latter's sister, Miss Virginia Engel to Lansing on Sunday, where she will spend a few days, after which she will go on to Detroit where she is soon to complete her course in beauty culture.

Mr. and Mrs. John Jordan and son, Lyle and the former's brother, Charles, and Pat Jordan and sister, Wilhelmina, all of McIvor, were guests at the Henry Jordan home Sunday. They were accompanied here by Mrs. Chester Lozon who had spent a couple of weeks visiting there.

Friends of Miss Helen Woodburn who will complete her course at C. S. T. C. this spring will be glad to learn that she has secured a position at the Fairview Consolidated High School. She will teach English beginning with the fall term. Miss Woodburn will also teach the High School Glee Club, having secured a great deal of training along that line as a member of the Apple Blossom club.

Fifteen young fellows of the H-Y club and their leader, Mr. Gerald For, were guests of Bill Joseph at his home Wednesday evening.

The Dan Babbitt family had as their guests on Easter Sunday Mrs. Babbitt's parents, Mr. and Mrs. Frank Barber, Roscommon; the Charles Corwin family, the Richard Babbitt family, Maple Forest and Mr. and Mrs. Everett Corwin.

The day was spent in celebrating the birthday of Mrs. Dan Babbitt, Charles Corwin, Sr., and Miss Frances Corwin. Many birthday cakes graced the occasion. Boating on the river was one of the pleasures enjoyed by the guests.

turned last week from Oregon. Mr. Hanson will take his old job back with R. Hanson and family. Nick Schlotz has sold his house and lot in Hadley's Addition, near the school house, to G. W. Brott.

F. H. Milks is about to establish a new office system in his market. Miss Olga Peterson will be in active attendance and answer telephone calls.

R. Hanson and son Oscar attended a special meeting of the Michigan Hardwood Lumber Manufacturers association at the Hotel Ponchartrain, Detroit, last week Thursday and Friday. This meeting was principally for the establishing of a fire warden system of forest protection.

Harold Rasmussen went to Jackson last Saturday where he purchased a Model 35 Jackson five passenger auto. He was accompanied by Esbern Olson and Abe Joseph. They drove to Grayling, arriving here yesterday. The boys had a pleasant trip, stopping at a number of towns and taking in the sights. Only one mishap occurred and that was when they were stuck in a deep muddy hole. They tried every which way but couldn't get out until Abe lifted the whole rear end of the auto and the wheels started tearing up mud by the bushel, piling it over the unfortunate Abe until he had to show the boys identifying cards and letters before they would really believe that it was he.

Our local baseball team is practicing up for the coming season. All the old players have signed up with the exception of Jake Letzkus, who is holding out for a larger salary. Edgar Dyer has been unconditionally released to one of the minor leagues and will go to Gaylord to manage their ball team.

Last week R. Hanson purchased 2,500 acres of timber land from the Ward estate.

Home Extension News

The Budgeters Home Demonstration group met April 7th at the home of Mrs. Clayton Hildebrand. Several different topics were discussed. A very nice lunch was served. The meeting will be held April 21st at Mrs. Donald Ashton's.

Mrs. George Lowe has received from her sister, Mrs. Arthur Pankow, of Los Angeles, Calif., the April issue of "Evening Star," the official publication of the East Los Angeles Junior College, in which is the following article concerning the Pankow's son Ed.

Ed Pankow, Delta Phi chapter major, would be one of the first people on this earth to reach the moon if the chance were given him. Pankow explained "After observing the jagged mountains and deep valleys on the moon, which have always fascinated me—it would be a desire come true to be able to be one of the first to set foot on our only natural satellite."

All of his life since the age of nine Pankow has studied astronomy. He became interested in this field after he heard a fellow student talk about astronomy and science fiction in his fifth grade class. In his junior year at Bell High School, Pankow's interest broadened in astronomy when he joined the Astronomy Club. During this year it was a project of four of the students in this club to build a telescope, and Pankow became the only one of the four to finish the project. He built a six inch reflecting telescope, grinding the lens and completing the job. Since then Pankow has built a three-inch telescope and is starting on another six-inch scope.

After graduating from ELA, Pankow plans to attend Los Angeles State College where he will major in physical sciences, and eventually gain teaching credentials. He wants to teach astronomy and other course in more primitive cultures than our own, such as India, or in the South Pacific. He, of course wants to continue his work in astronomy and photography, and if given the chance would like to travel to the moon.

Young Ed was born in Grayling. His folks left for California before he was a year old, but came back to spend two or three years here. Ed enough to finish his schooling in Grayling. The family moved back to Los Angeles which has been their home ever since. Ed is twenty years old now. His grandparents, who live in Ben Pankow, made their home in Grayling for many years. They now live in San Francisco.

Ed's mother is the former Lina Rood, daughter of Mr. and Mrs. Frank Rood, whose home was Grayling for many years. Mrs. Lowe was also a Rood.

FOUND—A new, economical way to solve costly spring break-up of county roads

Thrifty planning brings Michigan long-lasting soil-cement roads at lower cost than ever!

Tired of rutted, muddy county roads which become impassable during the spring breakup or in bad weather? There's a new low-cost remedy which produces durable light-traffic roads that resist breakup and help reduce costly road repairs.

Soil-cement base roads are quickly and economically built, using native roadbed soils mixed with small amounts of portland cement and water. Hauling of materials is often eliminated. Scientific construction methods assure high quality yet are so simple that up to two miles of roadway can be built and opened to traffic in a single day! Soil-cement hardens to form a smooth, rigid, weather-proof road base. It actually gains strength with age! The base and surface usually costs no more than \$11,500 to \$13,000 per mile—based on Michigan construction experiences—yet produces a longer lasting, superior road for light traffic use.

It will be to your advantage to investigate soil-cement base construction for county road improvements.

## Local Woman's Kin Has Interesting Hobby

An article from the Detroit Free Press tells of a greeting card hobby of Mrs. George F. Schroeder, daughter-in-law to Mrs. Laura McLeod, of Grayling. The article is as follows: Mrs. George F. Schroeder's hobby is not costly or elaborate, but it brings pleasure to a lot of people. A few years ago, Mrs. Schroeder came across a news item telling about a man who sent greeting cards to elderly persons on their birthdays, anniversaries or when they were ill. She liked the idea.

For the past seven years she's been clipping items about older persons and enclosing them in greeting cards. Mrs. Schroeder has received many thank you letters but she is proudest of those from the President and Mrs. Eisenhower.

"For the past two years I've sent cards on their birthdays and anniversaries and each time they've acknowledged them," she said. Mrs. Schroeder also believes there is a use for everything. Regularly she bundles up old greeting cards, pictures and poems from magazines and newspapers and ships them to Crippled Children's hospitals in Michigan, Ohio, Pennsylvania, Georgia and Mississippi.

The Schroeder family lives at 246 Nakota, Clawson.

AMERICANA

St. Aug.

OLDEST HOUSE—ST. AUGUSTINE, FLA.

IN THE pages of Americana, many cities are associated with the words "romantic" and "historic." And, when such is mentioned, one city comes immediately to mind—St. Augustine, Florida.

Rich in historical interest and Old World charm, St. Augustine is the nation's oldest city. It was on August 28th (St. Augustine's Day), 1565... some 42 years before the settlement of Jamestown and 55 years before the Pilgrims landed at Plymouth Rock... that the Spaniards arrived at Indian Village of Seloy, renamed it St. Augustine and claimed "the land of Florida," for Spain.

Prior to Florida's annexation by the United States in 1821, the city was ruled for two centuries by the Spanish. It was an English colony for twenty years and then reverted to Spain again.

The sound of musket and cannon have many times echoed over the walls of St. Augustine. In 1586 the city was attacked and burned by Sir Francis Drake. Eighty-two years later, Capt. John Davis and his British buccaniers pillaged the city, but left without burning it. After this attack, the Spaniards built a citadel of stone—the Castillo de San Marcos. This fort withstood many attacks, and remains today as the oldest standing fortification in the U. S.

Oglethorpe Fell British General Oglethorpe of Georgia twice attacked St. Augustine without success. In 1817 General Andrew Jackson invaded West Florida and on July 10, 1820, the

Stars and Stripes were raised over St. Augustine, following cession of Florida from Spain.

Almost immediately after it became a part of the United States, St. Augustine began to slowly gain renown as a health resort. Early visitors included Prince Achille Murat (nephew of Napoleon), and Ralph Waldo Emerson, a promising young writer.

In the 1880's, Henry M. Flagler, a visiting millionaire, was captured by the old-world charm and davor of St. Augustine. His vision and efforts brought great hotels, the extension of the railroad, and an influx of tourists that has continued to this day.

City of Charm

The charm of St. Augustine is found in its climate, a wealth of sub-tropical flowers and foliage, and the many revealing evidences of its storied past.

## SEN. POTTER REPORTS

From Washington

NEW POST OFFICE BUILDINGS will be blossoming all over Michigan by next spring. Under the new commercial-leasing program of Postmaster General Arthur Summerfield, construction will be started by early fall on new buildings in Baroda, Bessemer, Carleton, Chesaning, Columbiaville, Concord, Dimondale, Flushing, Hartford, Hillman, Hopkins, Kalamazoo, Kalamazoo Branch, Lake Orion, Marlette, Milan, Mt. Clemens, Muir, Napoleon, New Boston, North Adams, Oshtemo, Oxford, Pontiac, Quincy, Rodney, Romeo, St. Clair Shores, Taylor Center, Vestaburg, Williamston and Wixom.

These buildings will be built by private investors to the Department's specifications and leased for a period of years. The funds to equip the new post offices are available in previously authorized appropriations of the Post Office Department.

And if legislation is forthcoming after the Easter recess to put an extra cent on first-class non-local letters over a three-year period, there will also be new post offices for the old ones in Dearborn, Jackson, Owosso, Wayne and Wyandotte.

I WON A LONG FIGHT the other day when Secretary of the Treasury Anderson issued a new regulation permitting the educational expenses of teachers to be deducted for income tax purposes. The prelude to all this was a lifetime conviction on my part that it was unfair not to permit such a deduction, when the educational upgrading of teachers is so much an integral part of their job. On March 25, 1957 I introduced a bill to this effect. And when it didn't work as if the legislation was being

to get out of committee, I literally haunted Secretary of the Treasury Anderson and other Treasury Department officials regarding this situation. Now, the Secretary has come through with this new regulation.

AND I'VE ALMOST WON ANOTHER FIGHT in connection with the allocation of sufficient funds to complete the Great Lakes Connecting Channels on schedule. Today I received a letter from Brigadier General J. L. Person, Assistant Chief of Engineers for Civil Works, saying that an additional four million dollars could be used for this project. . . and I have again urged the Sub-committee on Public Works of the Senate Appropriations Committee to recommend approval of this additional amount for the fiscal year 1959. I have pointed out that if the Connecting Channels are not completed within a reasonable time after the St. Lawrence Seaway is in use, a loss of vitally needed toll revenue will result. The effect of a slow-down and stretch-out on this work can be a serious problem in the State of Michigan. Furthermore, it means a delay in the extension of the benefits of the St. Lawrence Seaway to the Upper Lakes States, with consequent detriment of private and municipal plans for expansion of facilities to take full advantage of the St. Lawrence Seaway. This again would retard economic development in the Great Lakes area.

Best wishes, CHARLES E. POTTER, United States Senator

## Beaver Creek

By Almoe Sherwood

L. J. Atkins and family of Mt. Pleasant visited the folks at the Pure Oil Camp on Sunday. Miss Jane Brush enjoyed Sunday dinner with her mother, Mr. and Mrs. Dan Snyder.

Mr. and Mrs. Harold Edwards and son Tom took Miss Sally Minnear with them to East Jordan Sunday to visit at the farm of

Mrs. Peter Zoulek.

Bob Perry of Reed City visited the Virgin Fishers Saturday night and Sunday, also Mrs. Perry at Gaylord.

Mr. and Mrs. Chester Johnson and son Dave were guests at the C. M. Harney home.

Twin calves were born on the Tony Nelson farm Sunday, but they belong to John Canfield, Jr., who lives on the place. They are the first twins ever born on the place and the first twins John has ever had from his cows.

## Bits O' Talk

Mr. and Mrs. Ed Gierke and Mrs. Earl Nelson spent Monday of last week in Traverse City.

Several friends dropped in at the home of Mrs. Algot Johnson Friday, April 18th, to wish her a happy birthday, and to share coffee.

Mrs. Wilhelm Raas and Mrs. Clement Blaine attended the funeral services for John C. Phelps in Saginaw on Wednesday, April 9th.

Dora Feldhauser is again working at Carl's Beauty Shop. Open on Saturdays.

Mr. and Mrs. R. E. DuBois of Gaylord visited their son and family, Mr. and Mrs. Richard DuBois, last weekend.

Mrs. Laura McLeod took her Sunday school class to Gaylord to see the Ten Commandments last weekend. Mrs. Melvin Marshall and William MacLeod drove.

Mr. and Mrs. William Brand, Mr. and Mrs. Ab Sager and Mr. and Mrs. Sam Chinnery and daughter Suzanne, all of Saginaw, spent the weekend at the Recreation Club on the AuSable.

John Bruun was in Detroit for four days last week on business.

Mr. and Mrs. Lester Treney returned Friday after spending the winter with their daughter, Mr. and Mrs. Jack Dawe at Walker.

To introduce our entirely new method of watch cleaning, done ultrasonically, Days Jewelry is allowing \$1.00 off on all watches cleaned during May.

Mr. and Mrs. Rudolph Feldhauser were the hosts at the Grayling

Game Club to the Ladies National League party on April 18th. There were four tables of pinocle in play, and one table of buncle. Pinocle winners were Middle LaMotte, high and Rudy Feldhauser, low, for the men; Mrs. Paul Feldhauser, high and Mrs. Hattie Mosher, low, for the women. Mrs. Lucille Howse was high scorer at buncle and Mrs. Cecilia Budd low scorer. On the committee for luncheon were Mrs. Junior Palmer, Mrs. Rudy Feldhauser and Mrs. John Peterson.

The Rev. C. F. Olin was the guest speaker Sunday at the Grayling Baptist church. He also held the Wednesday night prayer meeting, teaching from a large dispensational chart, while Rev. Alvin Johnson is away. The Rev. Fred Anderson will have the services next Sunday.

Mr. and Mrs. Joseph Peterson turned Sunday from Columbus, Ohio. Mr. Barber will be coming.

Mr. and Mrs. Clare Madsen and Mr. and Mrs. Stanley Madsen spent last week at their cottage at Hulbert in the U. P. They got their limit of beaver and a couple of otter. They came back to attend the trade show, returning to Hulbert Sunday and Monday, and then home again.

Mr. and Mrs. Don Reynolds of Mt. Pleasant spent the weekend with his sister, Mrs. Marian Hanson.

Remember mother with a Wilk knit well-knit gift. Good quality gown, slip or hose. Your Wilk knit dealer. Mrs. Ann Giffin, 705 Jones St., Phone 4381.

Mrs. Dorothy Awrey of Houghton Lake, who had a fine display of ceramics at the Trade Show last weekend, was an overnight guest Friday at the Addison Brown home.

lie relations. I wonder, too, how much play the parties get by the water tower will get. People are lazy... real lazy... when it comes to walking.

—JP—

Have a letter here from Sp3 Donald J. Plagen on in Hawaii. He has written Jack Pine and is just about our biggest booster in the Islands (or anywhere). The envelope this newest letter came in has some interesting "advertising" and the top is written "VISIT MICHIGAN—TRULY A WATER WONDERLAND". Down in the lower left hand corner is: "Grayling — Pioneer City of Winter Sports located in the most beautiful spot in the north." Plagen says that he will be home soon, and hopes to find work for the summer. In the fall he plans to enter Central Michigan College to work for a degree in Education. Noble calling, that. Anyone got a job for a real civic-minded ex-soldier?

—JP—

Aw, nuts, Mrs. JP should have written this one, too. I'm sick of being tired and tired of being sick. I knowed I'd get to feeling better some day, but I sure wish I knew just when!

## Forest Fires

(Continued from Page 1)

degree burns about the face and hands. Yorty received facial burns. They fled from their burning truck, made their way across a plow line to safety. They were taken to Grayling where they were given first aid at Mercy Hospital. Both returned to duty immediately.

In the Frederic fire, major casualty occurred to a caterpillar tractor owned by Frank DeWitt, operator of the Pioneer Log Co., when its gas tank ignited from the heat of the flames and it was destroyed.

Credit for bringing both fires under control was given by officials to the response of correction camps, volunteer and the

efficiency of equipment operators in moving several miles of fire line to halt the leaping flames.

Equipment on the two fires came from Mio, Roscommon, Gerish-Higgins, Grayling Airport, Gaylord, Vanderbilt, the Hartwick Pines, Jack Millikin in Grayling and Forest Wyckoff and Frank DeWitt in Roscommon.

Forcibly of the Beaver Creek township fire was due, according to Officers Clarence Roberts and Russell Wright, to the recent extensive pulpwood operations in the area. Vast amounts of jack-o-lantern slashings exploded through the air, leap-frogging the fire at many points in a spectacular display of pyrotechnics.

Loss was heavy to piles of pulpwood cut and left stacked in the woods to await a better price at the mills.

Added to these two forest blazes, on Thursday night a blaze started at the Grayling Township dump which was quickly subdued and on Friday morning a blaze started near the Beaver Creek battle to put down. The big Beaver Creek fire blazed back into action on Friday morning after sleeping through Thursday night.

A standby crew suppressed the awakened fire immediately.

Conservation Department officials extend their thanks to all those who helped on the fire, hope to have the continued cooperation of everyone in the county in asking for permits before doing any burning. Until the weather changes there will be no burning permits issued, and permits are required for any burning done after conditions allow it.
